What is IPSEN CARES®?

Starting a new treatment can be a time filled with questions and uncertainty. IPSEN CARES is here to help along the way.

IPSEN CARES is a patient support program that helps patients and their families during treatment with Iqirvo® (elafibranor).

Meet Your IPSEN CARES Team

Patient Access Manager (PAM)

When you enroll in IPSEN CARES, you will be connected with a dedicated Patient Access Manager. PAMs are knowledgeable about health insurance and can help you understand what is needed to get access to, and afford, your prescribed treatment.

Your PAM:

- Can provide information and support to help you prepare to talk to your healthcare provider, specialty pharmacy, and insurance company
- Will work with you to understand your specific situation and healthcare coverage needs
- Will help to identify possible financial support programs for which you may qualify

Patient Education Liaison (PEL)

You will be connected with a Patient Education Liaison. PELs are healthcare educators and are experienced in working with individuals living with certain conditions.

Your PEL:

- Can provide educational information to help you, your family, and your caregivers better understand your condition, access needs, and treatment expectations for your prescribed medication
- Will help you to understand your specific situation and healthcare needs based on the direction and advice provided by your healthcare provider
- Will work in connection with your healthcare providers to support you and your caregivers through some of the many challenges of living with your condition

You should always rely on your healthcare provider for information about your health and the right treatment for you.

We're here to help.

Personalized Support Services

Financial & Insurance Assistance

- Start benefits investigation to help you understand your health insurance coverage
- Provide financial assistance if you are eligible*
- Assist with treatment logistics related to prior authorization

Dedicated, Individualized Support

- Provide information and support to help interactions between your healthcare provider, you and your family, your insurance company, and your specialty pharmacy
- Provide an understanding of your specific situation and healthcare needs

Continuity of Care
